## Auckland Blokart Club

The Auckland Blokart Club was incorporated in July 2005 and has now grown to over 90 members.

The club has members who are happy to help – whatever your sailing experience. Sailors of all ages and both sexes compete together on a level playing field.

### Club Events

The club meets most Sundays at Ardmore Aerodrome. On non-race days we hold informal self-handicapping racing and other fun activities.

The club runs three race series a year – pre and post Christmas twilight racing on Thursday nights during daylight saving and a winter series once a month on Sunday afternoons. Members compete for trophies for scratch and handicap places. After these events a prize giving social is held.

Auckland Blokart Club competes against the Bay of Plenty and Hamilton Blokart Clubs for a teams racing trophy.

Twice a year we have three-day trips to Ninety Mile Beach for some fun sailing.

We organise beach meets on the weekends when the wind and tides are suitable for a fun sail. After sailing on Sunday afternoons the BBQ is fired up and members gather to swap Blokart sailing and tuning tips and to discuss the day's and upcoming events.

## Mission

*“The Auckland Blokart Club will promote and develop the sport of blokart sailing in the community by providing family orientated fun events in a safe environment and encourage membership, participation and interaction among all blokart sailors”*

## NZ Blokart Association Inc.

The NZ Blokart Association Inc. is the national body for blokart clubs in New Zealand.

The benefits of BAI affiliation are insurance at club events and it is required for entry into regional, national and international competitions.

## Venues

Our club is based at Ardmore Airport off Corsair Lane. As an alternative we use Bruce Pulman Park, Walters Rd, Takinini which has a large sealed car park and access roads we sail on. We aim to sail on the beach when the tide and winds are right, our favorite beaches being Karioitahi, Muriwai, Orewa and Omaha.

To keep everyone informed of where the action is happening we use [blokart.jigluhood.com](http://blokart.jigluhood.com).
